Farmers After Much Discussion Decide to Plant Tubers as Usual.

OUTLOOK GOOD NEXT YEAR

the old contracts the factory would be closed the coming season. Calling what they supposed to be but a bluff on the part of the "sugar king," the majority of the beet growers met and unanimously voted not to raise beets this year if the damand was not granted. Eccles stood pat, and the beet planting season came, compelling final decision. Yesterday the

to order than the secretary of the Wilson Farmers' association made a motion that Farmers' association made a motion that the union committees be instructed to notify the sugar company for the last time that no beets would be raised this year unless the demands for increased prices be conceded. The motion was seconded and was the cause of considerable enthusiasm. However, before it could be put to a vote, the right of the Wilson secretary to make the motion was challenged by James L. Robinson, chairman of the meeting, on the ground that the secretary was not a delegate to the meeting. Then came the turning point. With a stirring speech, in which he told of the many advantages and the increased prosperity that had come to the Weber county farmers through the building of the Amalgamated sugar factory, Levi J. Taylor of Harrisville, one of the largest beet growers of the county, advocated the cause of the sugar company and moved for a vote on the question as to whether the threatened boycott should be pushed through.

pushed through.
Dissension had risen and many of the Dissension had risen and many of the growers present expressed a willingness to drop the fight and take the promises of the sugar company for future increase in the price of beets. The vote was taken in the price of beets. The vote was taken in the price of beets. The vote was taken in the price of beets. The vote was taken in the price of beets. The vote was taken in the price of beets. The vote was taken in the price of beets. The vote was taken in the price of beets.

When apprised of the action of the beet growers, David Eccles expressed much pleasure and announced that steps would be taken immediately looking to the doubling of the capacity of the sugar factory for next season's run. Insemuch as tory for next season's run. Inasmuch as the production of beets has been limited by the present capacity of the factory, this step will mean increased prosperity

INJURED BRAKEMAN DIES

Fred W. Williams Expires From Loss

Ogden, March 26.—W. Williams, whose legs were cut off below the knees while he was coupling cars at Echo yesterday morning, died this morning at the Ogden general hospital from the loss of blood and the shock. His widow and child, living at Coalville, failed to arrive at the hospital until several hours after his death, because of delayed trains. Williams was 32 years old and had just recently been employed by the railroad company as a brakeman. The body will be taken back to Coalville Monday, where the funeral will be held.

No blame has been attached. Williams

Willord F. Glies left for Tintic last night to examine some of the mining properties in which he is interested. He will return Monday.

Clarence and Carl Boshard, Jack Snyder and Hayes Thomas, who went serenading the other night and were arrested for a disturbance of the peace, were fined \$2.50 each by Justice Noon today on pleas of guilty.

A daughter has been born to Mr. and Mrs. V. V. Bott.

Miss Nellie Streeper of Springville, has filed an application for appointment as administratrix of the estate of John W. Streeper.

BOYS CONFESS TO THEFT OF OVER 200 FOWLS

(Special to The Herald-Republican.) ogden, March 26.—Oliver Drysdale, aged 16. and William Myers, aged 14. were picked up by the police tonight. The youngsters had a sackful of chickens, and confessed to the police that they had stolen more than 200 fowls. The boys sold them to housekeepers in the residence district. They had been operating for menths.

TWO DIVORCES GRANTED.

Ogden, March 28.—Final decrees of divorce were granted two unhappy wives in the district court this afternoon. Helen M. Sullivan Cock, to whom an interluctory decree was granted last September, was today given final release from John W. Cook and was restored to her maiden name. Effic Pearl Bishop, against J. T. Bishop, was also given a final decree.

Mr. Taft Is Bosses

Many people have wondered why Mr. Taft seeks to justify actions which seem contrary to campaign pledges—why he seems so amenable to certain men. In Pearson's Magazine for April, in a frank and free discussion of Taft, the man; and Taft, the president, Alfred Henry Lewis makes it clear. The story is not a pleasant one to print about the President of the United States. Truth is often painful—usually helpful. This story is valuable. It explains things.

In the same issue Richard Barry tells how millions of dollars are wasted on missionaries. Allen Benson, as the result of a long investigation, tells the truth about the increased cost of living; just who is reaping the profit. A woman explains why miscegenation flourishes in the North, where a thoroughbred negro is seldom seen. Senator Burton and Representative Humphrey discuss the ship subsidy idea. It is the first simple explanation of what a subsidized merchant marine means to the people in dollars and cents, and there are nine short stories, including the first of a splendid series by P. C. Macfarlans.

earson' Magazine for April

Why The Herald-Republican Gives Premiums:

The mainstay of every newspaper is its circulation, as the greater the circulation the greater is the amount of advertising patronage bestowed upon that paper.

Our coupon system of giving premiums is conducted solely for the purpose of building circulation.

The Herald-Republican already has by far the largest circulation of any paper in the State of Utah, but it is still going after circulation. By this coupon plan the clipper is given an opportunity to get valuable premiums at a price far below the actual cost. We buy these articles in large lots, and then we shave the factory price enough to make a particularly attractive offer to the coupon clipper.

It is never too late to start clipping coupons—one number is as good as another, as long as you miss no numbers after you start. The numbers must be consecutive.
